

THE NEW SCHURR COW BRUSH TYPE D22 2-BRUSH-SYSTEM

START BY
ROTATION

NEW

TYPE D22: MORE ENERGY EFFICIENT THAN TYPE C-12

Frequency converter and PM motor are specially designed for optimized cow-brush - high electricity cost savings and CO2 savings.

TYPE B00 with standard motor still available!

NEW

PM-MOTOR AND FREQUENCY CONVERTER

are separate and separately available. The newly developed components comply with the latest guidelines.

NEW

FREQUENCY CONVERTER WITH DIFFERENT LEDs

to display the operating status, in a separate aluminium housing. Parameters, such as run-on time and torque of the motor are adjustable.

NEW

TYPE D22 WITH NEW DESIGN

The revised support frame provides even more stability and is suitable for continuous heavy operation of your animals. **TYPE B00 is the same design!**

MAKE SURE THAT IT'S SCHURR. THE ORIGINAL 2-BRUSH-SYSTEM.

NEW: SCHURR HOOF TRIMMING BOX

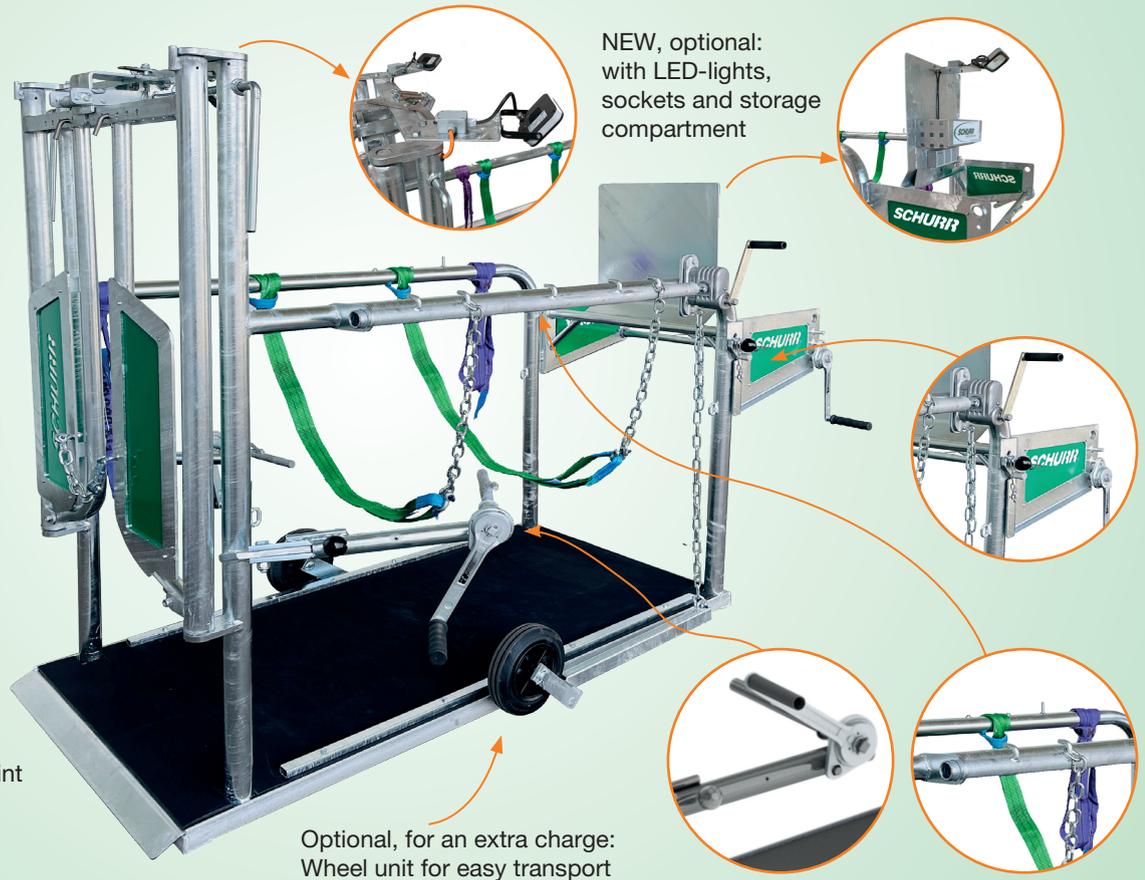

Model 2021:

New model with 2 doors, they are adjustable, open at the same time.
So far: with adjustable neck frames (model still available)

Doors open fully forwards and backwards!

Other versions on request:
door stop left or right, three-point attachment etc.

Trimming hooves as required and treating problems as soon as they occur can save money on vet fees, antibiotics and lost production. With a SCHURR hoof trimming box you are equipped with the best:

- Stable and robust SCHURR hoof trimming box fulfils all needs of modern hoof trimming
- Best cost/performance ratio
- Guaranteed a secure fixing of your cow/legs

Your cows walk in at the back and two neck frames hold the cow at the front. When treatment is finished the neck frames/2 doors are be opened wide and the cows can walk out at the front.

Standard equipment:

- 2 flexible forefoot winches left and right
- back stroke safety (all winches)
- 1 rear foot winch
- 1 belly girth winch
- 2 very stable belly girths with chain
- 2 soft webbings for fixing the legs
- NEW: Doors with neck frame (adjustable)
- steel plate floor continuous, with rubber floor material/rubber mat, for greater cow comfort and more grip
- Sheet metal as protection against muck
- rear door self-locking
- wheel unit (extra charge)
